OCEAN Grantee symbol

The Primary OCEAN Grantee symbol as illustrated on Figure A.1.1 shall be used as much as possible.

In case of usage constraints, alternate colourways are provided on Section A.2

Figure A.1.1 | Primary OCEAN Grantee symbol

Alternate OCEAN Grantee symbols

Single Colour

For colour restricted applications such as stencils or flexography

100% Black

For black & white applications

80% Grey

Inverted White

For use against dark backgrounds

Minimum logo sizes

The symbol utilizes an adaptive system to preserve brand identity and legibility across a multitude of applications.

Usage should not go smaller than what is specified herein.

Clear space

Clear spaces ensure the legibility, prominence, and the preservation of the OCEAN Grantee Symbol. It should be kept clear of other design elements such as type, imagery or graphics.

The clear space is based on the half of the diameter of the OCEAN logo at the centre of the symbol.

The supplied EPS & PNG files have the minimum clear spaces included.
